# Word and Spirit

## Introduction

Word and Spirit will give you the opportunity to explore your own personal spiritual journey through creative writing. The aim is to deepen your spiritual life in whatever ways are meaningful for you. We will be exploring our spirituality through writing and discussing that writing together – a shared voyage of discovery.

The reflective nature of Word and Spirit may put you in touch with things you had forgotten or didn't know you knew about yourself and your spiritual life. It may not always be comfortable, but it is likely to be very rewarding. If the treasure is within, this will give you a way of digging for that treasure, your own pearl of great price.

## The group facilitator

Nigel has been using writing for his own personal and spiritual development for many years. He has facilitated writing workshops for General Practitioners, Network, the City of Bristol College, Listen In, Cruse, the Willows GP Surgery, Bosom Buddies and the Lymphoma Association amongst others. He recently worked on events connected with the European Year for Combating Social Exclusion and Poverty (2010).

His creative writing training includes the University of Bristol's Diploma in Creative Writing for Therapeutic Purposes, and the MA in Creative Writing from Bath Spa University College. He is a counsellor in private practice, and works with Cruse Bereavement Care.
